Transesophageal Course

Course on Echocardiography organized by the BWGNICI

29th November 2024

OLV Aalst

W+4 Auditorium Guernica

Moorselbaan 164 - 9300 Aalst

Supported by

Under the auspices of

Organized by

PROGRAM

09:00 - 09:10 Welcome and information about the course

Guy Van Camp, OLV Aalst

09:10 - 09:35 How to perform a complete TEE study – What are the standard views?

Minimal requirements – US planes vs 3D anatomy on HeartWorks

Lieven Herbots, Virga Jesse

09:35 - 10:00 The aorta and aortic valve – aortic dissection – great vessels

Frank Timmermans, UZ Gent

10:00 - 10:25 The mitral valve

Nico Van De Veire, AZ Maria Middelaers

10:25 - 10:50 Prosthetic heart valves

Bernard Paelinck, UZ Antwerpen

COFFEE BREAK

(Test your skills in TEE on the Echo simulator)

11:20 - 11:45 The right atrium, RV, Tricuspid Valve, Pulmonary valve and pulmonary artery

Raluca Elena Dulgheru, CHU Liège

11:45 - 12:10 Most frequent congenital pathologies

Agnès Pasquet, UCL Brussels

12:10- 12:35 TEE during interventions Part I (PFO/ASD; LAA; TAVI; MitraClip)

Martin Penicka, OLV Aalst

LUNCH

(Test your skills in TEE on the Echo simulator)

13:45 - 14:10 TEE during interventions Part II (TriClip; Paravalvular leakage; Future?)

Philippe Debonnaire, AZ St Jan Brugge

14:10 - 14:35 Thrombo-embolic disease: the heart and the aorta

Alexander Van De Bruaene, UZ Gasthuisberg

14:35 - 15:00 Endocarditis

Sébastien Deferm, ZOL Genk

COFFEE BREAK

(Test your skills in TEE on the Echo simulator)

15:30 - 15:55 Perioperative TEE

Stefaan Bouchez, OLV Aalst

15:55 - 16:20 Multivalvular heart disease

Philippe Unger, CHU St Pieters Brussels – UZ Brussels

16:20 - 16:45 How to acquire and analyze 3D TEE images

Bernard Cosyns, UZ Brussels

16:45 - 17:00 The publications on TEE you have to read from the preceding TEE course until now

Maria-Luiza Lucian, UCL Namur
